The Management Board of 11 bit studios S.A. of Warsaw (the "Company") with reference to the information provided in Current Report No. 23/2023 of October 9th, 2023, informs that it has decided to postpone the release date of the game "The Thaumaturge" (PC version) to February 20th, 2024 . The original release date of "The Thaumaturge" (PC version) was set for December 5th, 2023. The premiere of the console version of "The Thaumaturge" on the XBOX Series X/S and PlayStation 5 platforms is planned at a later date.

The reason for the decision to change the release date of "The Thaumaturge" is the desire of the developer (Fool's Theory sp. z o.o.) to refine the game, which, in the opinion of the Company's Management Board, will increase its commercial and sales potential.
